Letter Report: District of Columbia Agencies' Compliance with Fiscal Year 2016 Small Business Enterprise Expenditure Goals

Dear Chairman Mendelson:

The Office of the District of Columbia Auditor (ODCA) examined and assessed District of Columbia government agencies' compliance with fiscal year (FY) 2016 Small Business Enterprise (SBE) expenditure goals (October 1, 2015 through September 30, 2016).¹

Objectives, Scope and Methodology

Objectives

The objectives of this examination were to determine whether:

1. District agencies met the required goal of procuring 50 percent of their expendable budgets with SBEs in FY 2016.²
2. District agencies complied with SBE goal establishment and expenditure reporting requirements.³

Scope

The examination covered the period October 1, 2015, through September 30, 2016. We did not conduct the examination as an audit as defined by the Government Accountability Office's Government Auditing Standards.

Methodology

In conducting this examination, we reviewed 88 agencies, offices or programs⁴ that the Department of Small and Local Business Development (DSLBD) determined were required to: 1) procure 50 percent of their expendable budget for goods and services from SBEs each fiscal year; and 2) submit quarterly SBE expenditure reports as well as an annual report to DSLBD and ODCA. We reviewed appropriated

budgets, expendable budgets, and reported SBE goals for each agency. We also verified vendors in DSLBD's CBE Online System and reviewed DSLBD's Quick Base data tracking system.

For 82 of the 88 agencies, we reviewed SBE expenditures using the District's System of Accounting and Reporting (SOAR) and the Office of Contracting and Procurement's Purchase Card (P-Card) data. Six of the 88 agencies do not record expenditures in SOAR, using financial systems independent of SOAR to record their expenditures. As a result, no quarterly expenditures could be retrieved from SOAR for these six agencies. Therefore, we were not able to independently verify the submitted expenditure data for the following agencies.

1. Events DC
2. Housing Finance Agency
3. Not-for-Profit Hospital Corporation (United Medical Center)
4. D.C. Public Charter School Board
5. D.C. Retirement Board
6. The University of the District of Columbia

For the agencies that submitted required quarterly reports, we verified that the submitted expenditures were spent with certified SBEs at the time of the expenditure.

Background

The Small, Local, and Disadvantaged Business Enterprise Development and Assistance Act of 2005 (the Act), as amended, states that "it shall be the goal and responsibility of the Department [of Small and Local Business Development] to stimulate and foster the economic growth and development of businesses based in the District of Columbia, particularly certified business enterprises, with the intended goals of:

- (A) Stimulating and expanding the local tax base of the District of Columbia;
- (B) Increasing the number of viable employment opportunities for District residents; and
- (C) Extending economic prosperity to local business owners, their employees, and the communities they serve."

The Act tasked DSLBD with providing "advocacy, business development programs, and technical assistance offerings" that will "maximize opportunities for certified business enterprises to participate in:

- (A) The District's contracting and procurement process;
- (B) The District's economic development activities; and
- (C) Federal and private sector business opportunities."⁵

The Act also established the following categories of businesses: Local Business Enterprises (LBEs), Small Business Enterprises (SBEs), Disadvantaged Business Enterprises (DBEs), Local Business Enterprises with Principle Offices Located in an Enterprise Zone (DZEs), Resident-Owned Businesses (ROBs), Longtime Resident Businesses (LRBs), Local Manufacturing Enterprises (LMEs), and Veteran-Owned Business Enterprises (VOBs).⁶

⁵ See D.C. Official Code §2-218.13(a).

⁶ See D.C. Official Code §2-218.31 et seq.

The Act required each District agency to contract 50 percent of the dollar volume of its goods and services to SBEs each fiscal year.⁷ Additionally, it required agencies to submit quarterly SBE expenditure reports to DSLBD and ODCA.⁸ The Act contained no expenditure requirements related to LBEs, DBEs, DZEs, ROBs, LRBs, LMEs, or VOBs.

To establish FY 2016 SBE goals, DSLBD required each agency to access Quick Base, DSLBD's electronic database containing all budget, SBE goal, and agency-reported SBE expenditure data. DSLBD asked each agency to document, as an exclusion in Quick Base, the items in their appropriated budget that the agency could not reasonably be expected to obtain from SBEs. Upon DSLBD's approval, the Quick Base system subtracted the exclusions from the agency's appropriated budget to determine the agency's expendable budget. To determine the SBE goal, the Quick Base system multiplied the expendable budget by 50 percent.

Results of the Auditor's examination show a 40% increase in District expenditures with SBEs

According to DSLBD's Quick Base database as of April 20, 2017, the 88 agencies we assessed had a total FY 2016 reported appropriated budget of \$11,271,883,359 and a total reported expendable budget for goods and services of \$1,212,714,494. Based on the expendable budget of \$1,212,714,494 the FY 2016 SBE expenditure goal for the 88 agencies was \$606,357,247.⁹

The 88 agencies' FY 2016 reported appropriated budgets, expendable budgets and reported SBE goals are listed in Appendix A.

FY 2016 expenditure results

We found that the 88 agencies, as a whole, spent a total of \$257,103,467 with SBEs in FY 2016 or 42 percent towards the \$606,357,247 total FY 2016 SBE expenditure goal for all of the 88 agencies. The amount that these agencies spent with SBEs in FY 2016 at \$257,103,467, represents a 40% increase over the \$183,870,694 that the District spent with SBEs in FY 2015. The FY 2016 SBE expenditures for each of the 88 agencies are listed in Appendix A.

Total FY 2016 expenditures of the 88 agencies on Local Business Enterprises, Small Business Enterprises, Disadvantaged Business Enterprises, Local Business Enterprises with Principle Offices Located in an Enterprise Zone, Resident-Owned Businesses, Longtime Resident Businesses, Local Manufacturing Enterprises, and Veteran Owned Businesses are presented in Appendix B.

Expenditure totals as reported by DSLBD continue to differ from ODCA's calculation of each agency's expenditure totals

Both ODCA and DSLBD track agency SBE expenditures throughout the fiscal year. During FY 2016 DSLBD made significant changes to its process for the collection and processing of expenditure data for each monitored agency. DSLBD updated its Quick Base application to accumulate SBE expenditures on behalf of each agency, with agencies now reviewing and approving their SBE expenditures directly in Quick

Base for each quarter. However, differences remain between expenditure totals as compiled by DSLBD and expenditure totals as verified through SOAR and P-Card data by ODCA.

For example, for the following two agencies, ODCA’s analysis of how much each agency spent with SBEs in FY 2016 was higher than the total reported by DSLBD.

Agency	Spent (per DSLBD)	Spent (per ODCA)	Difference
Office on Aging	\$2,305,422	\$2,813,680	\$508,258
D.C. National Guard	\$765,885	\$1,163,951	\$398,066

We also found that for some agencies, DSLBD reported higher total dollar amounts spent with SBEs than ODCA was able to confirm. For example, the totals included below for the D.C. Health Benefit Exchange Authority and The Department on Disability Services show significant differences between DSLBD’s reported totals, and ODCA’s calculation of those same totals.

Agency	Spent (per DSLBD)	Spent (per ODCA)	Difference
D.C. Health Benefit Exchange Authority	28,817,150	\$27,781,900	(\$1,035,250)
Department on Disability Services	3,417,237	\$1,491,953	(\$1,925,284)

Our full analysis of the differences between expenditures as reported by DSLBD and expenditures as calculated by ODCA are listed in Appendix C.¹⁰

DSLBD’s goal-setting process is improving

As previously stated, to establish FY 2016 SBE goals, DSLBD required each agency to access Quick Base, DSLBD’s electronic database containing all budget, SBE goal, and agency-reported SBE expenditure data. DSLBD asked each agency to document, as an exclusion in Quick Base, the items in their appropriated budget that the agency could not reasonably be expected to obtain from SBEs. Upon DSLBD’s approval, the Quick Base system subtracted the exclusions from the agency’s appropriated budget to determine the agency’s expendable budget. To determine the SBE goal, the Quick Base system multiplied the expendable budget by 50 percent.

We found that several agencies exceeded their FY 2016 SBE goal by excessively large amounts. The excessive amount by which some agencies exceeded their SBE goals raises questions about the validity of the declared expendable budgets of certain agencies. We found that seven agencies achieved over 200% of their SBE goal. This is a recurring issue that we have addressed in previous reports. This recurring finding indicates that there may be an ongoing issue with DSLBD's goal-setting process. We will continue to monitor DSLBD's goal-setting process in FY 2017.

¹⁰ Six of the 88 agencies required by DSLBD to report SBE expenditures do not record expenditures in SOAR, using financial systems independent of SOAR to record their expenditures. As a result, no quarterly expenditures could be retrieved from SOAR for these six agencies. Therefore, we were not able to independently verify the submitted expenditure data submitted by these six agencies.

We did however find that DSLBD made some minor changes to the District's FY 2016 SBE expenditure goal during the fiscal year, indicating that the District appears to be improving its ability to realistically set each agency's SBE expenditure goal. In FY 2016 the goal was reduced from \$621,772,566, as noted in ODCA's analysis of the District's SBE Expenditures for the 3rd quarter, to the final total of \$606,357,247. This is an improvement over FY 2015, when the goal was adjusted downward by \$31 million, and a substantial improvement over the \$266 million downward adjustment recorded in the 4th quarter of FY 2014.

Recommendation

Within 30 days of the release of this report, DSLBD should review all FY 2017 SBE expenditure goals to ensure that they are realistic.

Procurement Supplemental Information Analysis

D.C. Official Code required each District agency to submit the following procurement supplemental information with their FY 2016 SBE expenditure report:

1. A description of the activities the agency engaged in to achieve their FY 2016 SBE expenditure goal.
2. A description of any changes the agency intends to make during FY 2017 to achieve their SBE expenditure goal.¹¹

Of the 88 agencies, 39 provided DSLBD with a description of the changes, if any, that they would make during FY 2017 to achieve their expenditure goals, and 49 agencies did not submit this required procurement supplemental information in Quick Base¹². None of the 88 agencies provided DSLBD with a description of the activities that they engaged in to achieve their FY 2016 goal as DSLBD is making changes to its Quick Base application and the application, as of June 8, 2017, does not yet allow for agencies to submit this information.

Appendix D summarizes (1) the supplemental procurement information from the 39 agencies that provided a description of the changes, if any, that they would make during FY 2017 to achieve their expenditure goals, and (2) our recommendation on whether the 39 agencies should meet with DSLBD to identify additional opportunities to spend funds with SBEs.

Appendix E lists the 49 agencies that did not submit any supplemental procurement information, all of which ODCA believes should meet with DSLBD to ensure that they are on track to meet their FY 2017 SBE expenditure goals.

Recommendation

DSLBD should update its Quick Base application to allow for District agencies to submit a description of the activities that they engaged in to achieve their SBE expenditure goals.

FY 2017 Procurement Plan Analysis

¹¹ See D.C. Official Code §2-218.53(b).

¹² This report reflects all changes to procurement supplemental information as of April 20, 2017.

District of Columbia Municipal Regulations (DCMR) requires agencies to submit procurement plans to DSLBD one month prior to the beginning of each fiscal year.¹³

Of the 88 agencies, 65 agencies submitted a FY 2017 procurement plan and 23 agencies did not submit a FY 2017 procurement plan. The 65 agencies that submitted a procurement plan are listed in Appendix F. The 23 agencies that did not submit a procurement plan are presented in Appendix G. However, it should be noted that in FY 2017, independent agencies were asked to submit their procurement plans to the Office of Contracting and Procurement (OCP). As of June 8, 2017, DSLBD had not yet obtained the procurement plans for those independent agencies and stored them in its Quick Base application.

Recommendation

In accordance with DCMR requirements, the DSLBD Director should report agencies that do not submit procurement plans to the City Administrator within 30 days of the start of the fiscal year. For those agencies that submitted their procurement plans to OCP, DSLBD should obtain their procurement plans and store them in Quick Base.¹⁴

Conclusion

Based on our examination, we found that 88 agencies collectively spent \$257,103,467 with SBEs in FY 2016 and achieved 42 percent of the cumulative reported SBE goal of \$606,357,247. Of the 88 agencies, 37 agencies met or exceeded their FY 2016 expenditure goal.

1	Administrative Hearings, Office of	The Office of Administrative Hearings (OAH) will work to clear backlogged cases (DPW, DOES-UI, DHCF, Taxi Cab, DCRA, DOH) that require transcription; utilizing experienced and knowledgeable staff who can manage current and prior period workload. OAH is currently developing a mitigation plan to manage these backlogged cases and process all outstanding transcription invoices tied to each backlogged case. Additionally, OAH will ensure that staff will be trained in handling case workload. OAH will ensure that outstanding invoices related to backlogged cases are processed in accordance with the Prompt Payment Act; as with the standard for all invoices received by the agency. OAH will conduct periodic meetings on case progress.	Yes
2	Alcoholic Beverage Regulation Administration	The Alcoholic Beverage Regulation Administration intends to continue its strong usage of certified business enterprises to meet its DSLBD goal for FY 2017 as we did in FY 2016. Our spending thus far in FY 2017 reflects an ambitious start to the year and we will continue to strive to meet our goal as we do annually.	Yes
3	Attorney General for the District of Columbia, Office of the	The Office of the Attorney General (“OAG”) met its FY 2016 CSBE goal by doing business, whenever possible, with CSBEs. OAG’s non-personal services expendable budget primarily funds litigation support, child support functions, information technology and office operations. OAG routinely utilizes CSBEs for information technology and office operations, as there is a ready supply of CSBE vendors providing those services. This includes equipment purchase and maintenance, furniture purchase, office supplies, computer supplies and relocation	Yes

		<p>services. Similarly, if there are available CSBE vendors that can provide the services necessary for OAG's child support functions, OAG attempts to procure their services.</p> <p>When procuring litigation support services where OAG selects the deposition transcription company, OAG always uses CSBE vendors. Each year, OAG's contracting officer contacts all CSBE deposition transcription services vendors and offers them the opportunity to respond to OAG's request for proposals. Each litigating unit within OAG is assigned one or more CSBE transcription vendors to ensure that only CSBE vendors are used when OAG requires a court reporter.</p> <p>OAG values the CSBE program and understands the importance of providing opportunities for CSBE's to effectively compete for District procurements. OAG has consistently met its CSBE goal and intends to do so next year. Specifically, OAG will continue the excellent work that it has been doing in this regard by: (1) preparing an annual procurement plan which CSBE vendors can access to learn of OAG's procurement needs; (2) seeking CSBE vendor services for equipment purchase and maintenance, information technology services and supplies, office supplies and deposition transcription services; (3) closely scrutinizing employee requests for purchase orders to ensure that CSBE vendors are used whenever possible and (4) actively reviewing OAG's programs to determine whether CSBE vendor services can be utilized.</p>

5	Captive Insurance Agency	This budget met its CBE goal for FY 16, but is no longer require to report expenditures due to changes in legislation in the at the end of FY 16 and going forward.	No
6	Chief Medical Examiner, Office of the	The OCME shall continue to work diligently with local vendors who are willing to meet the specific needs and time constraint delivery of services and goods to assist with accomplishing the mission of the agency without liability to the District and her residents.	No
7	Contract Appeals Board	As confirmed by DSLBD's report, the Board's FY 2016 SBE expenditures totaled \$22,842.71, exceeding our FY 2016 SBE expenditure goal of \$12,475 by \$10,367.71 or approximately 83%. The Board is required to spend \$16,886.44 with SBEs in FY2017 and, through the first quarter of FY2017, has spent \$5,548.38 or approximately 33% towards that goal. The Board's Spending Plan for its FY2017 expendable budget has been submitted to DSLBD and emphasizes anticipated SBE expenditures relating to Office Supplies, Contractual Services and Equipment/Machinery.	No
8	Corrections, Department of	Currently DOC has 83.89% towards their goal. DOC has not received credit for their subcontractors or for the discrepancies in the amount of \$332,672.55 that was pointed out to the DOC's DSLDB Compliance Specialist. The DOC's Compliance Specialist made the Lead Senior Compliance Specialist aware	Yes

		that they needed to add the value of the subcontractors and to add the discrepancies that we found and this would have allowed us to make our goal or put us very close to making our goal. I would like to know where the Subcontractor's numbers are tracked so that we can monitor them. DOC sent several e-mails referencing this situation to the Compliance Specialist and she in turn sent several requests to Senior Compliance Specialist. However, they were still not added in our total for FY 16. DOC's DSLBD Compliance Specialist does an excellent job in keeping us informed.	
9	Disability Services, Department on	DDS works closely with OCP to identify SBE/CBE vendors for contracts, small procurement and Pcard expenditures. We have exceeded our SBE goal in FY16 and as a result have increased our FY17 SBE goal.	Yes
10	Employees' Compensation Fund	For FY18, the Employee Compensation Fund intends to meet our goal through existing CBE awarded contracts.	No
11	Energy and Environment, District Department of	In FY 2017, DOEE will continue to work with DSLBD and the Office of Contracting and Procurement (OCP) to identify CSBEs that can provide specialized environmental goods and services required by DOEE programs. DOEE has developed a procurement projection plan for goods and services in FY17. The agency is also monitoring the agency's expenditures on a quarterly basis to ensure that CSBE expenditures remain on track. DOEE will also continue to work closely with the DSLBD and OCP to help ensure that the agency meets its year-end CSBE compliance goal for FY 2017.	Yes

		are CBE's We also require that all purchases made in DHCF under \$250 are supported by a CBE. All agency supplies are purchased through CBE's to ensure that we are providing opportunity to small businesses when we can. Due to strict Medicaid regulations and certifications, it is difficult to find a CBE that has the qualifications that CMS required to support our CMS required contracts.	
18	Health, Department of	In FY16 as in previous years, the DOH with the assistance of OCP selected CBE's to provide the goods and services needed to facilitate meeting the Department's program goals. The OCP/DOH procurement staff has been diligent in adhering to the laws and procedures that require priority selection of vendors from the DCSS and CBE registry. We also consistently emphasize to our program staff the importance of utilizing local businesses, as well as explaining the process so that they have a clear understanding of the purchasing process and requirements. PCard holders are also strongly encouraged in every ART meeting to use CBE's for the purchase of goods and services whenever possible.	Yes
19	Homeland Security and Emergency Management Agency	The Homeland Security and Emergency Management Agency achieve the approved SBE goal by working as a team with program managers, OCP and DSLBD.	No

20	Housing Finance Agency	The Agency issued 10 new RFPs near the end of 2016 and the beginning of 2017 to help satisfy the CDE requirement. The new Contracts start in 2017 so the expenditures for FY 2017 will better reflect the changes. We also changed two additional vendors without RFPs to assist in meeting the Goal.	Yes
21	Housing and Community Development, Department of	DHCD will work very closely with the Department of Small and Local Business Development (DSLBD) and the Office of Contracting and Procurement (OCP), to identify Certified Small Business Enterprises for goods and services.	Yes
22	Insurance, Securities and Banking, Department of	The Department of Insurance, Securities and Banking will continue to be successful in in this initiative by making every effort to seek bids from current CBE vendors that are listed on the DSLBD website. This will continue to be our standard practice-as in past years-to secure goods and services who are certified and/or small business enterprises. Only after this effort is exhausted will we seek alternative vendors to supply our goods and services	No
23	Legal Counsel, Mayor's Office of	MOLC should be reviewed for exemption from SBE Compliance as its budget is managed by the Mayor's Office.	Yes
24	Metropolitan Police Department	Many of the contractors that the agency use are outside of the District of Columbia; however, MPD has made contracting with small and certified business entities a procurement priority. By partnering with key vendors MPD spent over \$17 million with Certified Business Entities in fiscal year 2016. MPD will continue to work with our current vendors and with the help of	Yes

		DSLBD, will seek more contracts with our small/local businesses in 2017.	
25	Motor Vehicles, Department of	DMV plans to make and exceed the agency goals next year by utilizing the expertise of their Contracting Officer, in utilizing more re-seller agreements in purchasing software and technology. Additionally, DMV leadership has fully informed Purchase Card Holders and Contract Administration Staff of procurement regulations, as it pertains to SBE purchasing as well. Also, DMV will rely on the cooperation from DSLBD in adjusting our expendable budgets based on Agency Transfers.	No
26	National Guard, D.C.	The District of Columbia National Guard Government of the District of Columbia District Government Operation is committed to continuing our relationship with CBE vendors. Our goal every year is to meet and supersede our targeted goal. We appreciate the work that the DSLBD does in taking care of the small businesses.	No

29	Police Complaints, Office of	<p>The Office of Police Complaints met our goal for Fiscal Year 2016. As we strive to use SBE vendors for office supplies and equipment whenever possible we also do our best to use our budget wisely and that can lead us, at times to use a vendor that provides a better price that may fall outside the SBE guidelines. As a small agency, the bulk of our NPS spending needs fall outside of current SBE vendors so it remains a challenge to meet our SBE goals but every effort is made to do so. We will continue to search every year to find vendors that will meet the District Government standards for SBE/CBE.</p> <p>Description of Changes the Agency Intends to Make to Achieve Goal Next Year. The Office of Police Complaints will not make any major changes to our goal of using SBE in FY 17 but will continue to seek out and use those vendors whenever possible and continue to talk those District vendors that have city-wide contracts to also become CBE's.</p>	No
30	Public Employee Relations Board	<p>PERB records show that we made over our SBE goal. Our total SBE expenditure amount should be \$18,713.96. I have documentation that I will be forwarding from our Finance Office to show we paid Olender Reporting Inc. \$14,676.85 and not the \$11,106.40 that you are showing on this page.</p>	Yes

31	Public Schools, D.C.	<p>Description of Activities Performed to Achieve Goal The District of Columbia Public Schools (DCPS) achieved its CSBE goal with a total CSBE expenditure amount of \$19,005,348.00. On a percentage basis this represents a 197.16% goal attainment. During this period DCPS has demonstrated its commitment to maximizing business opportunities for CBEs. Working in tandem with DSLBD, District of Columbia Public Schools will continue to communicate to our school administrators the importance of utilizing local certified businesses.</p> <p>Description of Changes the Agency Intends to Make to Achieve Goal Next Year For the past six years DCPS has exceeded the approved CSBE goals, we plan to continue our review of procurement practices with a goal of developing strategic sourcing techniques to improve high volume low value purchases. Through the AMEX Buydown Program we engage our CBE vendors via purchases of educational, office and custodial supplies. Increase the micro purchases from CBE vendors via the P-card program. We will continue to adhere to the DC code regarding utilizing the DCSS and CBE's and the 35% mandatory subcontracting where applicable.</p>	Yes
32	Public Works, Department of	Agency goal met for this year. The agency will continue to seek out opportunities to utilize SBEs.	No
33	Retirement Board, D.C.	DCRB has exceeded its goal in fiscal year 2016 and will continue to work with the current strategy of awarding best value procurements to contractors that best meet the agency's needs.	No
